

# Senior Services UPDATE

JANUARY 24, 2025

**The Senior Center building is closed to the public.**

All lunches and many programs are available at the Human Services building - **0405 Castle Creek Road**

- During the recent cold snap, we experienced a burst pipe related to the building's fire suppression system. The leak caused damage to the exercise room and some additional areas.
- The kitchen and office spaces were not damaged and staff are continuing to work on-site
- We are providing our excellent meals and services at the Human Services building, just up the road from the Senior Center. We are hosting as many programs as we can there as well.
- Fitness classes may resume if space arrangements can be made. Please call the Senior Center with additional questions.
- The anticipated duration of the building closure is 2-3 months
